#### OpenOffice-Microsoft Office Throwdown

Typically I don't repost articles on our site, but I thought this one was well worth mentioning. Many of you who work with us know we're a big proponent of Open Source Applications, where and when they make sense. One of those applications is OpenOffice from [OpenOffice.org](#). It's a full Office Suite comparable to Microsoft Office.

This is the first time I've seen a side by side comparison of OpenOffice and Microsoft Office without a biased opinion one way or the other. The Online article doesn't have the nifty charts and graphs the printed one does, so [email me](#) if you'd like a PDF of it.
